

**TOWN OF GRAVENHURST  
MUSQUASH ROAD DRAINAGE IMPROVEMENTS  
SCHEDULE B, CLASS ENVIRONMENTAL ASSESSMENT**

**NOTICE OF STUDY COMMENCEMENT**

The Town of Gravenhurst is proposing improvements to the drainage system in the area of Musquash Road and Private Street shown below. The study will investigate ways to address historical flooding issues in the existing drainage system.

The Town is proceeding with a Schedule B Municipal Class Environmental Assessment (EA) to consider the impacts associated with the potential improvements. The Class EA process will include the following:

- Identify the problem and alternative solutions;
- Inventory the existing environments within the study area;
- Consider potential impacts to the noted environments and possible mitigating measures;
- Solicit public and agency consultation and participation;
- Evaluate the alternatives based on the project objectives, environmental impacts and comments provided; and
- Identify a preferred solution, document the process in a Project File available for public review and comment.

The purpose of this notice is to invite public and agency input and comment early in the study such that comments can be incorporated into the planning and overall study design. Comments should be directed to the Consultant noted below. A further opportunity for public input and comment will be provided at an upcoming Public Information Centre (PIC) during which time the various alternative solutions and assessment of each will be presented. Please watch the Town of Gravenhurst website for further details of the PIC.
