# **CORPORATION OF THE TOWN OF GRAVENHURST**

## **CONSENT APPLICATION**

Effective: January 1, 2025

The fee for a consent application to the Corporation of the Town of Gravenhurst for all zone classifications of By-law 10-04, as amended, shall be determined as follows:

**\$1,261.00 per proposed lot** (basic consent fee) plus **\$200.00 per proposed lot** (when a severance application requires a septic site suitability inspection) payable at the time a *complete application* is submitted.

### Note:

Additional fees may apply depending on circumstances, i.e. amend original application, etc.

The applicable application fee may be paid by cash or credit card (or by cheque/money order made payable to the: <u>"Town of Gravenhurst").</u>

## Note: A development charge may be payable prior to the issuance of a building permit.

## APPLICATION FOR A CONSENT (SEVERANCE) TO THE CORPORATION OF THE TOWN OF GRAVENHURST

PRIOR TO SUBMISSION, it is recommended that the applicant consult with the Development Services Department (Planning) in order to determine the rules and specific lot size requirements which are applicable to the property. Please call the Municipal Office to arrange an appointment with a Planner in the Development Services Department.

## Submission of an application must be complete and shall consist of the following:

- 1. The applicable application fee in cash or cheque/money order payable to the "Town of Gravenhurst".
- 2. One (1) original application form for <u>each</u> severed lot. All questions on the application form must be answered and the appropriate signatures obtained. Incomplete applications shall be returned to the applicant. A Deed/Property Identifier Number (PIN) will be required, indicating the property description and ownership for the subject property as well as the benefiting property.
- 3. If application is being submitted by a limited company or corporation, signature(s) must be under corporate seal, if applicable, or signed by an individual having authority to bind the corporation.
- 4. Two (2) copies of a sketch to a common metric scale (i.e. 1:100; 1:250; 1:500) and colour coded as detailed below, prepared by yourself or a surveyor showing the full extent of your property and how you propose to divide the lands. Please indicate the scale being used, identify the north arrow and identify all dimensions in metric units. In cases of multiple applications, one set of 2 plans is all that is required. Individual applications can be shown by numbering the lots. The sketch should be similar to that shown on the sample attached and must be submitted showing all the information detailed below:

iown on the cample attached and made be capitated chewing <u>an</u> the mornation dotailed below.				
RED		Severed lot(s) (unless the severed "lot" is a right-of-way or easement only)		
GREEN		Retained lot(s)		
YELLOW		Rights-of-Way - all rights-of-ways or easements should be shown in yellow only,		
		even if it also represents the severed "lot"		
BLUE		<ul><li>i) in rights-of-way - the lands to which a right-of-way is being granted</li></ul>		
		ii) in lot additions - the lands to which the severed or retained lot(s) are		
		being joined.		

- the severed lands and all of the abutting retained lands, including dimensions and acreages of the lots;
- the distance between the grantor's land and the nearest Township lot line;
- the location of all previous severances from the subject property;
- the location of all natural and artificial features on the subject lands and adjacent lands that may affect the applications, such as buildings, septic systems, wells, railways, roads, watercourses, drainage ditches, river or stream banks, wetlands, slopes, wooded areas, etc.;
- the use of adjoining lands (e.g. residential, agricultural, cottage, commercial, etc.);
- the location, width, and names of any roads within or abutting the subject lands, indicating whether they are public travelled roads, private roads, or rights-of-way, or unopened road allowances;
- the location and nature of any easements affecting the property.

See sample sketch attached.

<u>NOTE:</u> IF YOU DO NOT HAVE AN EXISTING SURVEY PLAN, A HAND-DRAWN SKETCH TO SCALE IS USUALLY SUFFICIENT. HOWEVER, ONCE CONSENT IS GRANTED, A SURVEY WILL BE REQUIRED IN MOST INSTANCES IN ORDER FOR YOUR SOLICITOR TO DESCRIBE THE SEVERED LOT IN THE DEED. IT IS, HOWEVER, VERY IMPORTANT THAT DIMENSIONS SHOWN ON THE SKETCH AND IN THE APPLICATION BE ACCURATE, SINCE IF THE FINAL SURVEY DIFFERS FROM THE SKETCH, YOU MAY BE REQUIRED TO SUBMIT A NEW APPLICATION SHOWING THE CORRECT DIMENSIONS. IF YOU ARE UNABLE TO OBTAIN ACCURATE MEASUREMENTS, YOU SHOULD CONSIDER ENGAGING A SURVEYOR TO EITHER PREPARE THE SKETCH, OR TO MAKE SOME PRELIMINARY CALCULATIONS FOR YOU.

## 5. <u>Access:</u>

If access is by <u>private road</u> over someone else's property, a copy of your Deed showing that you have a registered right-of-way over that road should accompany the application. If a driveway is to be shared, this should be indicated, since a right-of-way will have to be established for that purpose.

If access is by <u>water</u>, we will require information regarding your parking and docking facilities. If you are using a marina, written confirmation from that marina will be required advising that they have sufficient accommodations for car parking and docking facilities to serve each of the proposed lots.

## 6. <u>Septic Approvals:</u>

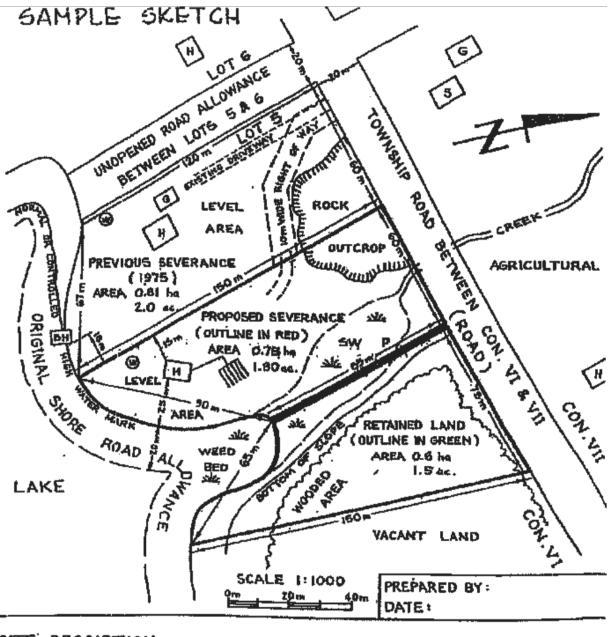

Approvals previously given by the Ministry of the Environment and Energy for private sewage disposal systems have now been delegated by the Province to the local municipalities. In order to determine the capability of the lands to support on site sewage systems, or the impact of the severance on any existing systems or useable area for a system, a report from the septic approval authority is required. (This does not apply to applications on municipal sewers).

## NOTE:

Any conditions imposed by the Gravenhurst Committee of Adjustment must be fulfilled within <u>one year</u> from the date of the sending out of the Decision. If conditions are not met within that time limit, the conditional consent expires and a new application must be submitted.

ALSO PLEASE NOTE: All reports (i.e. Environmental Impact Study, etc.) must be submitted in a Digital Format and hard copy.
