

Therapeutic Paws of Canada
"Paws With Love To Share"

Consent Form

Dear Parent/Guardian,

We are happy to allow your child the opportunity to interact with the Therapeutic Paws of Canada, a Pet Therapy Team. This team comes to this facility to provide a free pet therapy program to an adult audience. Your child may have the opportunity to participate by interacting with a Certified Pet Team in a controlled setting supervised by the Certified Handler.

Therapeutic Paws of Canada is a non-profit organization of volunteers whose pets have undergone a strict Therapy Pet Evaluation to determine their suitability to work with the public. All pets involved have up to date vaccinations and handlers have full background checks and Criminal Record Check for Vulnerable Persons clearance.

The Handlers and the Dogs/Cats involved in this program are members of Therapeutic Paws of Canada. Therapeutic Paws of Canada has strict guidelines in place for the safety of those they visit and for the safety of teams performing the visits. While every possible precaution is taken, accidents can happen and can occur without fault of either the participant, the facility, it's employees/agents or the service provider being Therapeutic Paws of Canada and its certified teams. The chance of injuries or incident can be reduced by carefully following instructions at all times whilst engaged in the visits. By permitting this activity you accept the associated risks and waive any claims, damages, losses or costs to your child or property in connection with their participation with the Therapeutic Paws of Canada.

Parent/Guardian Consent:

I agree to allow my child to participate in this interaction with Therapeutic Paws of Canada.

Handler: Michelle Smiley
